

100 MG NICOTINE

100 MG NICOTINE - UNFLAVORED

1 Gallon	\$250
4 Gallons	\$900 (\$225 ea)
8 Gallons	\$1,600 (\$200 ea)
<b>Drums</b>	
30 Gallon	\$4,950 (\$165 ea)
50 Gallon	\$6,250 (\$125 ea)

Our superior quality 100 mg (10%) liquid nicotine is manufactured to exceed pharmaceutical standards. Available in a Vegetable Glycerin or Propylene Glycol base. (Custom blends available) Every batch is tested for accuracy and consistency. A certificate of analysis and batch numbers are provided with every order to comply with the anticipated FDA regulations. We provide the cleanest, smoothest, and best tasting nicotine. Never harsh with no bad after taste. Packaged in a quality, leak proof, air tight container to guarantee safety and freshness. Our nicotine helps your e-liquid sustain a longer shelf life. Nicotine is sold by the gallon; price breaks are available in quantities of 4, 8, 30, and 50 gallons.

PROPYLENE GLYCOL AND VEGETABLE GLYCERIN

Propylene Glycol, also referred to as PG, is a nearly odorless clear liquid with a mild sweet taste. PG is used in an e-liquid base to create the “throat hit”. Nicotine Source’s PG is the purest, cleanest, (USP) Pharmaceutical Grade product available. Made in the USA.

<b>PROPLYENE GLYCOL</b>	
1 Gallon	\$25
4 Gallons	\$95
30 Gallons	\$590

Vegetable glycerin, or VG, is a clear, odorless liquid produced from plant oils. VG is thicker than PG and is a bit sweeter. It is used in an e-liquid base to create the “vapor” or “vape cloud”. Nicotine Source’s PG is the purest, cleanest, (USP) Pharmaceutical Grade product available. Made in the USA.

<b>VEGETABLE GLYCERIN</b>	
1 Gallon	\$25
